

## Membership Card

Final format card: 76.2 mm x 50.8 mm. Final format carrier: 76.2 mm x 76.2 mm.

Note: This sketch is not to scale.

### Notes:

#### Card

The front side is printable in 4 colors and the reverse side in 2 colors. Can be ripped out completely, no adhesive.

#### Carrier

The carrier can be printed on one side and is fully visible, as soon as the card is removed from the perforations.

Please note during design that this area of the carrier is only visible once the card has been ripped out. Text or design elements should therefore not overlap from the blue area to the shaded area, and vice versa.
